It is with great pleasure that we announce the Mountview Charolais Maiden Heifer Sale.

This year due to an excess of females in our 2025 drop, we are offering an exceptional draft of heifers including progeny from Mountview Ramsay known for his calving ease traits, Mountview Simply Red a Platinum Ultra son and Harvie Redemption just to name a few.

There are some real stunners in this draft and some are worthy of a show halter and will be difficult to part with.

If you're interested in viewing these females, please don't hesitate to reach out to arrange an on-property inspection or if you would like more information about the sale.

Thank you for your interest!

Kind Regards

Ian & Katrina Bebbington

~ HISTORY ~

"Mount View" was purchased by my Great Grandfather William Bebbington in 1896 and has been in the Bebbington Family ever since. Originally a dairy farm it was converted to Beef cattle around 1946 after my father Fred Bebbington left the army after WW2.

Fred got interested in Charolais Cattle in the mid 1970's after hearing about them from a fellow sheep breeder Peter Bondfield. So, in 1976 he purchased 3 Charolais females and a Charolais Bull, having bred up from there to where we are today.

Ramsay was selected as a stud sire for his excellent conformation, sleek coat, tremendous depth and volume and his great temperament. A genuine low birth weight sire, who is in the top 1% of the breed for gestational length and the top 5% for both calving ease and birth weight. We are extremely happy with Ramsay's progeny, their growth rates are impressive.

Simply Red is an upstanding sire in our Charolais program, long bodied with plenty of depth and sleek coated. He consistently adds more bone and extension to his offspring, with extra softness to indicate his doing ability. Sired by Platinum Ultra, a well known polled Charolais bull sired by Palgrove supadoopa in 1999. His genetics have been utilized extensively across Australian studs.
